Important concepts in our school

Co-teaching

better together syncing our talents

Outdoor learning

oxygen & movement for successful learning

Self-regulating

students have full control of their learning

1 class 2 fulltime teachers 30-40 students

team-teaching:
2 classes
3-4 teachers
different grouping

Advantages

syncing our talents
more room for individual
needs

mental support

happier teachers

more eyes less administration

Outdoor learning

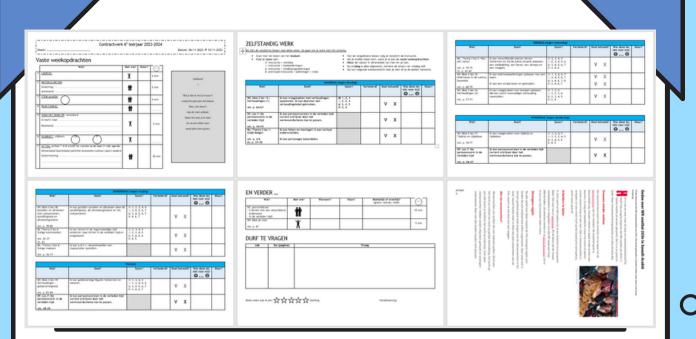

oxygen & movement for successful learning

Full development of total personality

SELF - REGULATING students have full control of their learning

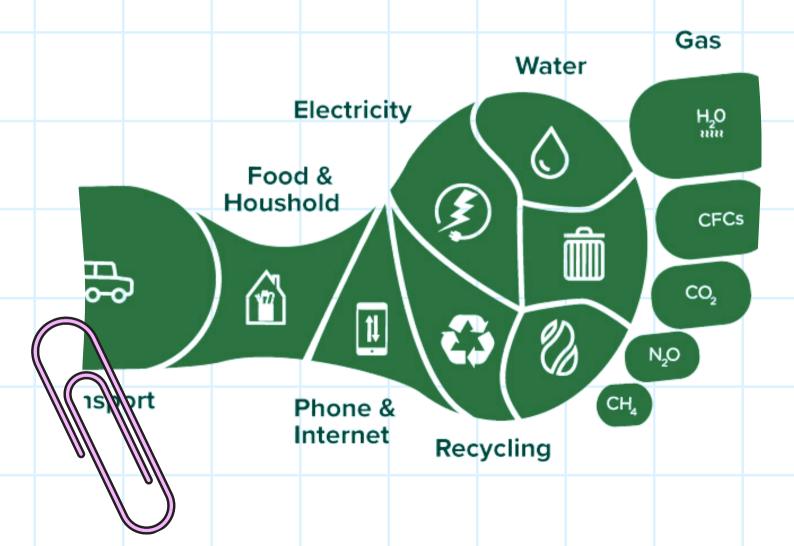

Goals - COSMOS

- Have insights in carbon footprint
- Small entrepreneurship to make a change in the direct neighbourhood
- Reach out to and work together with people and entrepreneurs in the neigbourhood

Thank you!
